

# RaceTimeEntry

Dear Coaches.

Just a reminder to ALL high school coaches that ALL Regionals meets must use the WVSSAC Mandated [www.RaceTimeEntry.com](http://www.RaceTimeEntry.com) this season for entry purposes and NO other entry method is acceptable. Most West Virginia teams are already entered in the system, but if you are not, I strongly urge you to do so ASAP.

The system is FREE and always will be for any team to use not only for Regionals, but any meet you are hosting through-out the season. The goal is to get all West Virginia teams on the same page and make it easier for coaches to enter meets through-out West Virginia.

For the teams already signed up, RaceTimeEntry automatically takes your last year roster and moves the athletes up a grade level. To remove any athlete that is on the roster who is not running this season, simply click the delete option. We made an adjustment a couple of weeks ago on the "Add Athletes" to your roster to make sure the grade level you were entering came out correctly. If you updated your roster earlier than our adjustment, please go back and make sure the grade levels of your new athletes are correct.

If you have any questions, please contact any of the emails below.
