

Region II AA

Cross-Country

2022 Championship Information

Dear Cross-Country Coach,

This is a supplement to what was posted on runwv.com on 8/16/2022. Please find pertinent race-day information below:

- Buses will need to unload teams at Davis & Elkins College athletic fields entrance and park off campus. Parking on Sycamore St., which is the street that leads to D&E's main entrance, works well for this arrangement.
- There will be a brief coaches meeting at **noon** at Gates Tower.
- Based on entries submitted to racetimeentry.com, it appears we will have a maximum of **five** complete (at least 5 runners each) girls teams. If no more than five complete teams start the girls race, then we will qualify **two** girls teams from Region II.
 - The girls race will have less than 50 individual competitors. Therefore, the **Top 10** finishers will qualify for the State Meet.
- Based on entries submitted to racetimeentry.com, it appears we will have a maximum of **six** complete (at least 5 runners each) boys teams. If six complete teams start the boys race, then we will qualify **three** boys teams from Region II.
 - The boys race will have less than 50 individual competitors. Therefore, the **Top 10** finishers will qualify for the State Meet.
- Blue-Ridge Timing will provide **real-time team scores** at the following:
 - Link:
 - <https://blueridgetiminglive.com/2022/region2/>
 - QR Code:

- EHS will be selling high quality long sleeve Bellacanvas blue triblend shirts for **\$25** each:
