

## Tri-State Athletic

In partnership with Huntington High School's Boys and Girls Track & Field teams, the Tri-State Athletic Club would like to announce our 2<sup>nd</sup> Annual All-Comers Summer Series at Huntington High School. These meets are open to all individuals and relay teams consisting of athletes ages 5 & up. There will be no age classifications at these meets and we will make every attempt to fairly seed athletes in all events. There is an entry fee of \$5.00 for each meet with a no real event limit. Groups who seek to run a relay only will have a fee of \$10.00 to cover all four members of the team. However, if any of those relay team members wish to run an individual event they must additionally pay the \$5.00 individual entry fee. The order of events will be announced and posted shortly, but will consist of traditional track events as well as selected field events. However, if we receive enough requests for an event we will seek to include it, conditions permitting.

The schedule for this July is:

July 10	6:30PM	Huntington High
July 17	6:30PM	Huntington High
July 24	6:30PM	Huntington High
July 31	6:30PM	Huntington High

We believe this is an excellent opportunity for adults, children, and families to share participation in a quality, competitive experience. We will have awards for all events and will have opportunities to join USA Track & Field as well as the Tri-State Athletic Club available. Additionally, all our concessions will again be going to charity to help provide a Christmas to children who might not otherwise have one. Last year the money raised from concessions helped approximately 550 children have a joyful Christmas. We hope you will take part this year in what was a fun and positive experience for all involved.

Please feel free to contact us with any additional questions. See you around the track,

Jason Lea  
Head Coach
