

# 2008 Pirate Relays

Barboursville Middle School would like to invite all schools to the 2009 Pirate Relays on Friday, April 9<sup>th</sup> at Cabell Midland High School. Cabell Midland has a 9 lane Seal Flex rubberized surface. All jumping areas are Seal Flex rubberized & the throws areas have oversized concrete surfaces. We will also be using a FinishLynx electronic timing system, which will ensure the accuracy of all times and places. This is a great opportunity for you as a coach to run all of your athletes early in the season and to get a baseline for your athletes' performance. We want all teams to have a great experience at the Pirate Relays and we will do everything possible to achieve this goal.

**Where:** Cabell Midland High School Stadium – Chris Parsons Track

**When:** April 9, 2009 (Thursday)

**Time:** 4:45 PM Field Events
