FACILITY

The Dr. John W. Trenton Track & Field Complex is a "Seal-Flex" latex surface initially installed in the fall of 2004. The oversized discus and shot rings are concrete. Bleacher seating is limited. One set of bleachers that accommodates 50 individuals will be reserved for each team. Teams may set up tents "cross country style" on the exterior of the track. The auxiliary gymnasium will be available for warm-ups and stretching. It is suggested that spectators bring lawn chairs or blankets to sit on.
