Bridgeport Invitational

March 22-23, 2019
Bridgeport High School

Get your season started off in the right direction! Bridgeport High School would like to invite you to the 2019 Connect-Bridgeport Invitational. This unique two day event follows a schedule similar to the Gazette Relays or WV State Meet. What's different is that this event will alternate Middle School and High School events. Give your High School athletes a chance to run the State Meet schedule an extra time this season, and give your Middle School athletes a chance to run it before they get to High School.

The track and jump venues at Wayne Jamison Field has a Beynon 6-lane polyurethane running surface. The throwing events feature concrete throwing circles. All running events will be timed with a FinishLynx automated timing system. Meet results and scores will be posted throughout the meet. All results will be posted on RunWV.com and in various local newspapers.

Go to www.BridgeportTrack.com to get signed up for this meet today!
